

Introducing the RIBCRAFT Express 32

RIBCRAFT 

RIBCRAFT Express 32

Offering the ultimate in performance and comfort, the all new RIBCRAFT Express 32 combines the amenities of a cabin vessel with the durability and rough water capabilities of a RIBCRAFT RIB.

At just over 32', the Express 32 with its aggressive deep V hull delivers high speed open water performance while maintaining responsiveness and agility. The Express 32 features a highly functional interior/exterior pilothouse layout ideal for commuting, cruising, working, or all weather exploring. The generous cabin provides premium interior space with two large bunks and an enclosed head. With an optional galley arrangement and various seating and dining configurations, the Express 32 can be personalized to your every need.
