

5.85

RESPONSIVE. SEAWORTHY. ADAPTABLE. PROVEN.

The most relied on boat in the RIBCRAFT model line for government agencies, private industry, and yacht clubs, this 19' RIB provides an excellent platform for search and rescue operations, coastal patrols, and fast response applications.

Sure footed through tight turns and in rough seas, the 5.85's high swept bow, aggressive deep V hull and full length lifting strakes results in the boat's superior handling characteristics. The ultimate in versatility, the RIBCRAFT 5.85 offers considerable latitude for personalization from console and seating options to inboard engine configurations.
