

7.0 Offshore

MILITARY SPEC. INBOARD POWER. PERFORMANCE.

Featuring the trademark RIBCRAFT hull design and offshore performance characteristics, the RIBCRAFT 7.0 meets the emergent requirements of military and government agencies around the world.

Designed specifically for shipboard operations, the RIBCRAFT 7.0 with an I/O diesel engine is ideally suited for maritime interdiction, boarding parties, search and seizure operations, security patrols, and anti-terrorism force protection. Configured to provide the end user with the utmost in versatility, the 7.0 is designed to meet shipboard stowage constraints. Built to exact military specifications, the RIBCRAFT 7.0 features an internal composite structure, high capacity self draining deck, and mechanically fastened Hypalon® or polyurethane tube.
